Education:-

Courses		Board/College / University	Percentage/CG PA	Year
Bachelor of Engineerin	Information Technology	Marwadi Education Foundation Group of Institutions – Gujarat	6.45	2017

g (BE)		Technological University, Ahmedabad.		
HSEB		MHS -TATA School Mithapur	65%	2013
GSEB		MHS -TATA School Mithapur	90%	2011

Professional and Project Details:-

Project 1:	Whatsapp Bot
Duration:	<ul style="list-style-type: none"> 7 months
Team Size:	<ul style="list-style-type: none"> 20
Project Description:	<ul style="list-style-type: none"> This was an extensive project on creating a whatsapp bot which would engage with the Doctors of Multiple regions to the client's pharma platform, so that they could leverage the bot to share multiple services such as: sharing upcoming relevant event details, their speciality relevant information (example: Oncology content for oncology doctor), etc. Medical Reps can enable the Company's client Doctors to whatsapp bot via using bot on their own phones. HCPs/Doctors can use the bot to have multiple services such as checking the relevant information, articles, sites, updating their details, etc. Overall the engagement of different services of the company to the HCPs was made very easier and smooth by enabling the bot.
